

555 Club "Live" Classes & Videos 2017/18

Class Descriptions

The following is a brief description of each live class/video series that is currently available to all 555 Club member families. In addition to the live classes, there are now nearly 900 step-by-step instructional videos for your unlimited use and we are adding 60-80 new ones every month. As additional classes and instruments are added, those will all be immediately available to you as well.

Note: To keep track of each student's progress, there is a "555 Club Attendance/Completion Sheet" online. There is also a class "log" available for each instrument, on which is listed every week's class with the page numbers that we played, which notes we are working on, which books we complete, and other information.

Beginner's Classes (Level 1A) for Guitar, Piano, Violin/Fiddle, Mandolin, Ukulele, Drums, Rhythm Instruments, Baritone Ukulele, Irish Tenor Banjo, Plectrum Banjo, 6-String Banjo, Recorder, & Flute (additional new classes starting this year: Harmonica, Ocarina, & Dulcimer):

Each of the Beginner's Classes (Level 1A) are designed for complete beginners. The classes are appropriate for all ages, from young children to adults. Because all live classes are also uploaded as videos, you can start anytime — you don't have to wait for the beginning of a school year or semester. Each week, we review the new songs from the previous week, then we play this week's new songs that the students have practiced during the week. During the live classes, students actively participate, play along with the accompaniments played by the teacher, and can ask questions. The original "live" classes are all uploaded as videos and available to all 555 Club member families, so students now have the wonderful advantage of being able to work through these classes at their own rate of speed. If you feel like this class moves along too slowly, you might consider trying the Accelerated Class.

Materials you need: *Learn to Play Series Level 1A books for the instrument(s) you wish to learn (either the Complete Set Level 1A or Starter Pak Level 1A #1); If you don't have the books yet, you can order them at the website (www.learntoplay.biz), you can call us at (502) 413-5443 or you can email us (jbarr@learntoplay.biz) and we'll help you place your order. If you also need an affordable instrument, we can help you with that, too.*

Cost of the class/videos: No additional charge for all 555 Club Members; all live classes and videos are included in your membership.

To sign up for the "live" class: Email us (jbarr@learntoplay.biz) with the student's name, age, instrument and specify which "live" class you would like to attend.

Accelerated Classes, Level 1A for Guitar, Piano, Violin, & Ukulele (all separate classes),

Class Description: This class is similar to the Beginner's Class, but it moves along at a much faster rate. We play many more songs per week, at a much faster tempo. This is a perfect class for someone who has played before and (1) needs a quick review or (2) just plays chords or plays by ear and now wants to learn to read music, or (3) wants to improve sightreading and playing skills or (4) is currently in the Beginner's Classes, plays everything pretty much perfectly and really wishes we would speed up. Each accelerated class is equal to 4-5 of the regular beginner's classes; in 16 weeks, we will accomplish more than an entire year of regular classes; we will finish the entire level 1A, playing about 1,200 songs together in about 26 weeks. If you are in the Beginner's Classes now (either live or on video) and you have any issues playing accurately or are not always able to keep up the pace, you should not switch to this class because it will be significantly faster paced and much more challenging; you could, however, stay in the Beginner's Classes and also play the Accelerated Class videos as you're able to. Keep in mind that the video for each new live class is available by the next day, so you can play it anytime you wish; you do not have to be in the "live" class in order to benefit from it.

Materials you need: *Learn to Play Series Level 1A books for the instrument you want to learn to play (either the Complete Set or Starter Paks #1 and #2 —because this class advances so quickly, it will only be a few weeks before you will be ready to start some of the books in Starter Pak #2); If you are now already in the Beginner's Classes, you likely have everything you need. If you don't have the books yet, you can order them at the website (www.learntoplay.biz), call us at (502) 413-5443 or you can email us (jbarr@learntoplay.biz) and we'll help you place the order.*

Cost of the accelerated class/videos: No additional charge for 555 Club Members; ALL live classes and videos are included in your membership.

To sign up for the "live" class: Email us (jbarr@learntoplay.biz) with the student's name, age, instrument and specify which "live" class you would like to attend.

New this year: Beginner's Class for Drums & Percussion Instruments

Class Description: This class is appropriate for all ages, from young children to adults. Because all live classes are also uploaded as videos, you can start anytime — you don't have to wait for the beginning of a school year. Because of its versatility, the drum we start with is the Cajón (ka-hone') Box Drum. The Cajón is often referred to as "A Drum Set in a Box". All the basic drum rhythms can be learned on the Cajón. It's becoming very popular with professional bands; it often replaces an entire drum set during performances. With a bass pedal, it can be used (hands free) by guitarists and pianists to add a drum beat to a solo act. It's also very desirable for a home setting because its volume can be reduced easily, so as not to disturb the entire household while practicing and not drowning out other siblings when playing together as a family. During the course of this class, we will introduce other percussion instruments as well. During the first 15 minutes of this class, the new "Introduction to Rhythm Instruments" class will happen, so that drum students can benefit from that class as well. (See that class description on the next page.)

Materials you will need: Learn to Play Series Level 1A books for Drums. (Starter Pak #1); If you don't have the books yet, you can order them at the website (www.learntoplay.biz), you can call us at (502) 413-5443 or you can email us (jbarr@learntoplay.biz) and we'll help you place your order. You will also need a Cajón, brushes, a metronome, and a music stand, etc. To help you get started, We have designed a special "Package Deal" which includes everything you need to get started at a discounted price. You can have it within just a few days. Everything is available at the website (www.learntoplay.biz) or call us at (502) 413-5443.

Cost of the class/videos: No additional charge for all 555 Club Members; all live classes and videos are included in your membership.

To sign up for the "live" class: Email us (jbarr@learntoplay.biz) with the student's name, age, instrument and specify which "live" class you would like to attend.

Instant Live Help! — open to all students, all parents, all instruments

Day/time: Monday, at 5:00 p.m. (Eastern Time Zone), First Monday of every month

Meeting Description: Everyone is welcome. This meeting will likely be of particular interest to students and/or parents who are using the videos exclusively, rather than live classes and would like an opportunity to participate live with questions/comments, etc. If you would like to share your webcam in order for me to see students and comment on hand position, etc., you will be able to do that. You will have the opportunity to meet other students and parents who are also learning to play music together. Our 555 Club membership now includes homeschool families from nearly every state in the country (including Alaska) and Canada. There are also armed services families and missionary families serving in many other countries around the world. Many of these are now able to join us online. You can join us every week, or just occasionally, whenever you have a question.

Materials you will need: None, however, if you have a question relating to a specific book & page, you should have that book/page handy. I will have all my books on hand to answer any questions.

To sign up: You don't have to. Just show up. There is no cost to attend, of course.

New this year: Super Easy Guitar (ages 5-8) & Super Easy Piano — (ages 4-7)

Meeting Description: This new series is especially for smaller children. We use the same books, but

the classes and videos are shorter. We play at a slower tempo and cover less material each week. **Materials you need:** *Learn to Play Series Level 1A* books for the instrument(s) you wish to learn (Starter Pak #1 for whichever instruments you're learning to play); If you don't have the books yet, you can order them at the website (www.learntoplay.biz), you can call us at (502) 413-5443 or you can email us (jbarr@learntoplay.biz) and we'll help you place your order. If you also need an affordable smaller size instrument, we can help you with that, too. Call us at (502) 413-5443.

Cost of the class/videos: No additional charge for all 555 Club Members; all live classes and videos are included in your membership.

To sign up for the "live" class: Email us (jbarr@learntoplay.biz) with the student's name, age, instrument and specify which "live" class you would like to attend.

New class this year: Introduction to Rhythm Instruments

This class is for all ages, including pre-schoolers. We will learn to play a variety of inexpensive rhythm instruments. The entire family can join in on this class & everybody can play together! This class will happen during the first 15 minutes of the Drum class so that drum students can do it, too!

Materials you will need: You will need the book "Fun with Rhythm Instruments" and the new "Rhythm Package". It contains a variety of inexpensive rhythm instruments that the whole family can enjoy together. We have put together a special "Package Deal" for the new rhythm instruments which includes everything you need. You can order online (www.learntoplay.biz). For more information, call us at (502) 413-5443.

Price of the Class: No charge. It's included in your membership.

To sign up: All you have to do is email us (jbarr@learntoplay.biz) with each student's name/age and which live class you want to attend.

Video Series (& "live" support class): Violin/Fiddle: "Tiny Tots Play a Lot"

Description: This series of 56 videos is designed primarily for children ages 3-6 (or 7), but can also be used by older students as well, if they need to start a little more slowly than our regular Violin Lessons, Level 1A. The videos are shorter (most are 5-10 minutes) and less technical to make it easy for our little fiddlers to learn to play. We will use the book "Tiny Tots Play a Lot", which contains extremely easy fun songs such as Yellow Duckie, Silly Monkey, The Mouse Ate the Cheese, Gorillas Love Bananas, etc., complete with lyrics and chord accompaniment symbols, utilizing open strings, and introducing easy note reading. There is a "Class Video" (the actual "lesson") and a "Practice Video" for each class; the Practice Videos also include piano accompaniment and can be utilized for regular daily practice sessions; they can be replayed if the student would like to practice longer. Students who complete this book (7-9 months avg.) are ready to go directly to "Violin Lessons", Level 1A (page 20) in Violin Starter Pak #1 and start attending the regular Beginner's Violin/Fiddle Classes/Videos.

"Live" Support Class: In addition to the 56 videos, we are also offering a "live" support class during November & December 2017, beginning Thursday, Nov. 9. You can join this class at any time. You can ask questions and I can observe your little fiddler and make suggestions.

Materials you will need: "Tiny Tots Play a Lot" for Violin/fiddle. (\$12.95) This is an individual book, not a Starter Pak. It's "preparatory" level. If you also need a violin, we carry good quality affordable instruments in all sizes and can help you choose the correct size for your child. Our most popular violin outfit is only \$199.95, including case, bow & rosin. You can either buy or rent (\$25 monthly). There is also a "Package Deal" available which includes all accessories. For more info, please visit our website (www.learntoplay.biz) or call us at (502) 413-5443.

To sign up for the "Live Class": Email us ASAP (with student's name & age) as we have a limited

number of spots in this class. If you're just doing the videos (not the live class), you don't have to email me. The videos are readily available in the Violin Album with all the other violin classes.

Cost of the videos: No additional cost for 555 Club members for either live classes or videos.

"Play Along/Performance" Videos for All Instruments (individual videos for each instrument)

Class Description: These videos are for all students' enjoyment and there are more than 100 of them to choose from so far. You can choose any group of notes or any one of your books and play the entire book, page by page, at a faster speed, with teacher accompaniment and, most of the time, a drum beat is added as well. For each individual book video, we play the entire book at a much faster tempo than we played during our classes. You will play the melody (notes) and the teacher will play the accompaniment (just like we do in our regular classes), except that we will not count aloud all the way through each song as I normally do; we'll start with a count off and in most cases, add a drum beat. This will give you a chance to hear what the songs REALLY sound like when played together, up to tempo or close to it. You can also use these videos to do an informal "performance" for your family and friends; just make sure you have practiced enough to keep up with the video before you do that! Note: the first few videos in this series will be a "Play Along" reviewing the first few notes for each instrument. Many students in the Beginner's Classes will be able to play along with the first video after about 3-4 months of lessons (or after completing Class 12). Students in the new Accelerated Classes may be able to play it after only 2-3 weeks of lessons (after Class 2 or 3). The majority of the "Play Along" videos will feature one book at a time; in order to enjoy playing along with these, you will need to have finished whichever book you want to play and be able to play it quite well (up to tempo and without wrong notes). If you have difficulty keeping up with any of these videos, just practice the songs some more and then try again! You'll get it. There is a chart of all the "Play Along" Videos included in the "log" for each instrument. If you don't have a copy of the "log", you can find it at the website and print it out.

Materials you will need: Just your regular *Learn to Play* music books (Complete Level 1A or at least Starter Pak #1 in order to get started); if you're already a 555 Club member in the live classes or using the videos, you probably have everything you need already.

To sign up: You don't have to. The videos become available to you as soon as each one is produced. They are all in the same "album" as the rest of your class videos, i.e. Guitar, Piano, Violin, etc.

Cost of the class videos: FREE for all 555 Club members.

"Live" Online "Get Together" —all students, all parents, all instruments —everyone's welcome

Day/time: Mondays, at 12:00 noon (Eastern time zone) This session is open periodically throughout the year; the next session will be: November 27, 2017 through January 8, 2018)

"Get Together" Description: Everyone is welcome. You'll get to "meet & greet" other students from all over the country, including Alaska (and Canada) and everybody will get the opportunity to play a song, if they like. You are not required to play a song, but if you do, you will earn \$1 in Prize Money credits for each week you play a song. You can play any song you like, but be sure to pick an easy song, so you don't have to be nervous! You can use your Prize Money credits for anything musical you would like to buy for yourself such as a new instrument, a strap, picks, music stand, music jewelry, clothing, etc. In the upcoming year, you will have more opportunities to earn Prize Money credits so you can save them up to buy something nice. All students in the 555 Club are invited to join us online live for every class. To join our Get Together live, just go online and use the "Get Together" meeting code. There is no password for the meeting; you only need to use the meeting code in order to access the right class. If you haven't joined us live before, you'll find the complete link & other info at the website (See "Live Class Information Page" in the member's section). You can join the meeting online by computer, smart phone, tablet, etc., or you can call in from a landline. To make sure you have a spot, be sure to show up for the class early.

Important: this class is optional, however, I REALLY want you to attend. It gives you an opportunity to share your music with others, some valuable experience performing, and an excellent chance for

me to observe how much you've accomplished. I will not correct anybody during this class, but I may email you later with any important observations.

Materials you will need: Your regular "Learn to Play" music books.

To sign up: You don't have to. Just show up for the class.

Cost of the "Get Together" class: No cost, of course.

Piano Class, Level 1B (second level) — Accelerated or Regular

Class Description: We go systematically through the *Learn to Play Series*, Level 1B (2nd level) in much the same manner as we do in the Level 1A classes, playing all the songs together. Level 1B continues seamlessly from where Level 1A leaves off. After a brief review of Middle C Position, we move to C Position, Dm Position, and Em Position, building a strong comfort level with each new position. Along the way, we add dynamics, tempo, staccato, intervals, chords, arpeggios, sharps & flats, and some new time signatures; we experiment with melody and harmony, and start learning to improvise chord accompaniments. Towards the end of Level 1B, we add hands together, integrating intervals, chords, and arpeggios. Sounds complicated, but it's not — I promise!

Materials you will need: *Learn to Play Series* Level 1B Piano books — You can purchase the complete set of all 30 books (about 1,200 songs), spiral bound with plastic covers front and back, and organized into volumes (Piano Songs, Folk Songs, Children's Songs, Fiddlin' Around, etc.) complete with alphabetical indexing. If you prefer to put your books in sheet protectors in notebooks, we can ship them to you unbound. Just add a short note onto your order form if you order from the website, or you can email us with any special preferences. *Note: you can also request a different color binding for your books. We normally use blue for piano, green for guitar, black for violin, red for mandolin, and burgundy for ukulele, but you can request any of those colors. You can also request white or clear.*

To order books: You can order the Level 1B Piano books on the website, if you like, or you can call or email us and we'll help you place your order.

Price of the class: Zero \$ (You already knew that, didn't you! :) ALL 1B classes are available at no extra charge for all 555 Club members.

To sign up: All you have to do is email us (jbarr@learntoplay.biz) with each student's name/age and indicate "live class" or "videos". The entire Level 1B Accelerated Piano Class is already available on video. The "live" (regular) Level 1B class is still in progress as of 10/12/17; we are about halfway through the level. (See current schedule).

Level 1B Class for Guitar (2nd level) —Regular & Accelerated

Class Description: We will go systematically through the *Learn to Play Series* for Guitar, Level 1B (2nd level) in much the same manner as we do the Level 1A classes, playing all the songs together. Level 1B continues seamlessly from where Level 1A leaves off. After a brief review of Strings D-G-B-E, we introduce the 5th string "A" with notes ABC) and then High A (on your "E" string), building a strong comfort level with each new note introduction. Along the way, we add dynamics, tempo, staccato, intervals, many more chords (including 5-string chords), arpeggios, sharps & flats, and some new time signatures; we experiment with melody and harmony, and start learning to improvise chord accompaniments with various rhythm patterns. You will also be adding a vast amount of new repertoire to your musical knowledge, including popular folk songs from America and around the world, children's songs, bluegrass and "fiddle" tunes for guitar, classical pieces, etc.

Materials you will need: Level 1B *Learn to Play* Guitar books — You can purchase the complete set of 30 books (about 1,200 songs), spiral-bound with plastic covers front and back, and organized into volumes (Guitar Songs, Folk Songs, Children's Songs, Fiddlin' Around, etc.) complete with an alphabetical index. If you prefer to put your books in sheet protectors in notebooks (instead of having them spiral

bound), we can ship them to you unbound. Just add a short note onto your order form if you order from the website, or you can email us any special preferences. *Note: you can also request a different color spiral binding. We normally use blue for piano, green for guitar, black for violin, red for mandolin, and burgundy for ukulele, but you can request any of those colors; you can also request clear (see through) spiral binding or white.*

To order: You can order the Level 1B Complete Set on the website, or, you can either call or email us and we'll help you place your order.

Price of the class: FREE (You already knew that, didn't you! :) ALL Level 1B classes are available at no extra charge to all 555 Club members.

To sign up: All you have to do is email us with each student's name/age and indicate: "live class" or "videos". The "live" (regular) Level 1B class is still in progress as of 10/12/17; we are about halfway through the level. (See schedule).

Level 1B Class for Mandolin (second level)

Class Description: We will go systematically through the *Learn to Play Series* for Mandolin, Level 1B (2nd level) in much the same manner as we do the Level 1A classes, playing all the songs together. Level 1B continues seamlessly from where Level 1A leaves off. After a brief review of Level 1A, we introduce the rest of the notes in first position on the 4th string "G" (notes GABC) and 1st string "E" (High A), building a strong comfort level with each new note introduction. Along the way, we add dynamics, tempo, staccato, intervals, many more chords, arpeggios, sharps & flats, and some new time signatures; we experiment with melody and harmony, and start learning to improvise chord accompaniments with various rhythm patterns.

Materials you will need: Level 1B books for Mandolin — You can purchase the complete set of 30 books (about 1,200 songs), spiral-bound with plastic covers front and back, organized into volumes (Mandolin Songs, Folk Songs, Children's Songs, Fiddlin' Around, etc.) complete with alphabetical index. Price of the class: FREE (You already knew that, didn't you! :) ALL Level 1B classes are available at no extra charge for all 555 Club members.

To sign up: All you have to do is email us with each student's name/age and indicate: "live" or videos. The new Level 1B class starts soon, so if you have a student just about finished with Level 1A and wanting to join a "live" 2nd level class, let us know and we'll do our best to help you.

Level 1B Class for Violin (second level) (Accelerated & Regular)

Class Description: We will go systematically through the *Learn to Play Series* for Violin, Level 1B (2nd level) in much the same manner as we do the Level 1A classes, playing all the songs together. Level 1B continues seamlessly from where Level 1A leaves off. After a brief review of Level 1A, we introduce the rest of the notes in first position on the 4th string "G" (notes GABC) & the 1st string "E" (notes E F G), building a strong comfort level with each new note introduction. Along the way, we add dynamics, tempo, staccato, intervals, arpeggios, sharps & flats, and some new time signatures. You will also be adding a vast amount of new repertoire to your musical knowledge, including popular folk songs, children's songs, bluegrass and "fiddle" tunes, classical pieces, etc.

Materials you will need: Level 1B books for Violin. You can purchase the complete set of 30 books, spiral-bound with plastic covers front and back, and organized into volumes (Violin Songs, Folk Songs,

Price of the class: FREE, of course. ALL Level 1B classes are available at no extra charge for all 555 Club members.

To sign up: All you have to do is email us with each student's name/age and indicate: "live" or videos. The new Level 1B class starts very soon, so if you have a student just about finished with Level 1A and wanting to join a "live" class, let me know and I'll do my best to include you.

Learn to Play Chords—Improvising Chord Accompaniments (all instruments, all levels —Coming soon)

Class Description: Beginning with some very simple chords, we will learn to improvise chord accompaniments on a variety of different instruments, such as piano, guitar, mandolin, ukulele; we may also be able to include banjo, dulcimer, electric bass, cello, and bass ukulele, if there is sufficient interest. Perhaps your children (or friends or siblings) are learning to play an instrument & you would like to learn to "chord" along with them — here's your chance! Or maybe you're learning to play yourself and would also like to get started playing some chords —perfect time to start! You don't need to have any previous musical experience to join this class — you just need to have an instrument to practice and your music book.

Materials you will need: *Learn to Play* series book: "A-Chordin' To", Level 1 — This is a brand new book; it's not available yet, but if there is sufficient interest in this class, we will make sure it's completed and ready in time to start our class. We anticipate this to be a good-size book, usable for all instruments (you shouldn't need a separate book for each instrument), spiral-bound with plastic covers front and back, with a comprehensive index for quick reference; cost will likely be \$29.95.

To pre-order/sign up: Just email us to sign up for the class (name/age of each student and indicate "live" or "videos") and I'll notify you as soon as the book is ready. (You can't actually pay for the book yet —not until it's finished.)

Price of the class: You guessed it! FREE for all 555 Club member families.

VERY IMPORTANT: If this class interests you at all, please email us as soon as possible. We won't start working on the book until we see there's a strong interest in the class. We always want to focus first on whatever is the most important to you.

DVD Program (all instruments, all levels —now available)

If you (or other families you know) have limited or no internet access (either temporarily or long-term), this program will help you to be able to take advantage of the 555 Club classes/videos.

How it works: We will send you a DVD every month with classes for whichever instrument(s) your family is learning to play.

Cost: an additional \$10 per month (to cover the cost of the DVDs, mailing supplies, packaging and postage); If you are on a yearly payment plan, you will receive 4-12 months of videos in each shipment (instead of 1 month at a time) for all the instruments you are learning. You will also save about \$60 per year for membership & DVDs.

To sign up: You can sign up for the DVD program online, or email us at (jbarr@learntoplay.biz) or call (502-413-5443) and we will make sure you get everything you need.

Additional Instrument Classes/Videos (Starting now or coming soon)

During this current school year (2017/2018), we are adding Percussion (Drums and other rhythm instruments), Recorder, Flute, Harmonica, Dulcimer, Baritone Ukulele, Irish Tenor Banjo, Plectrum Banjo, 6-string banjo, and Ocarina. In the near future, we hope to add many more instruments to the 555 Club online classes including electric bass, cello, viola, 5-string banjo, harp, as well as brass and woodwinds, etc. If you have a preference for which instruments are released first, please let me know; then we'll email you when we have an expected date for completion.

"Live" Support (Available anytime)

Anytime you have a question or concern, please don't hesitate to contact us. We generally answer emails the same day we receive them. We are a family business and we all work together to make sure you get the help you need as soon as possible. For inquiries, including musical questions, live class info, orders, conventions, books, instruments, & accessories, please call (502) 413-5443 or email: jbarr@learntoplay.biz

And, don't forget about the "Instant Live Help" class on Mondays. We'll be there to answer your questions.

Private Lessons Online: If you feel that someone (or everyone) in your family needs more individual attention, weekly (or monthly) private lessons are available on line. The cost is \$20-25. You can schedule a lesson every week (\$20) or once per month (\$25) To schedule your first lesson, you can either email us or call.

Instruments: If you need an instrument, we are happy to help. We have a nice selection of good quality affordable instruments and accessories and we ship anywhere in the country. Most are available online at our website (www.learntoplay.biz). If you need help choosing the best instrument and/or size for you, or have any questions, you can call (502) 413-5443 or email jbarr@learntoplay.biz

Our Best Advice for Success in Music: Just do it!

1. Don't let a day go by without playing music — even if it's just 5 minutes!
2. Keep making progress — Do at least one class/video every week.
3. Don't hurry. Take the time to play each song accurately.
4. If you need help, ask.

Remember: The only way you'll fail at learning to play is if you don't do it!
